AN ANALYSIS OF MISSISSIPPI’S ESSA PLAN

This dashboard analyzes Mississippi’s plan under the Every Student Succeeds Act (ESSA), specifically its commitment to equity and excellence and its compliance with the law. This analysis is not all-encompassing but rather focuses on the indicators most essential for advancing equitable educational opportunities for all students. Mississippi submitted its plan on September 18, 2017, and the U.S. Department of Education approved it on March 28, 2018. Full text is available at https://www2.ed.gov/admins/lead/account/stateplan17/msconsolidatedstateplanfinal.pdf. View ESSA equity dashboards for other states at www.all4ed.org/essa.

### Support and Intervention

**Definition of “Consistently Underperforming” Used to Identify Schools for Targeted Support**
- Definition ranks schools with a subgroup that meets the following criteria: (1) scores in the lowest 50% of the overall accountability index, (2) scores in the lowest quartile of the 3-year average of the gap between actual proficiency and the state’s proficiency goal for that subgroup (“gap-to-goal”), and (3) scores in lowest quartile of the 3-year improvement toward “gap-to-goal”; definition then identifies those schools in the bottom 5% of the ranked list that are not identified already for comprehensive support and improvement.

**High School Graduation Rate Used to Identify Schools for Comprehensive Support**
- 4-year cohort graduation rate

### Accountability

**Disaggregation of Student Subgroups**
- Uses disaggregated subgroups to identify schools for support; uses super-subgroup (lowest-performing 25% of students) in school ratings

**N-Size**
- 10 students

**School Quality and Student Success (SQSS) Indicator**
- Science and social studies proficiency rates for all schools; college and career readiness (calculated using student performance on the ACT®, which is given to all juniors) and “acceleration” (percentage of students taking and passing Advanced Placement, International Baccalaureate, dual-enrollment, industry certification, and other advanced courses) for high schools

**High School Graduation Rate**
- Uses 4-year cohort graduation rate exclusively

**Weighting of Academic Indicators**
- 100% weight for all grades

**Testing Participation Rates**
- No credit for untested students; schools that do not meet 95% participation requirement will have their summative school rating (A–F grade) reduced by 1 letter grade

**Inclusion of Student Subgroup Performance**
- School ratings (A–F grades) give 19–27% weight to academic growth of the lowest performing 25% of students for all schools, but do not include any required subgroups

---

**Long-term Goals**

**Academic Achievement**
- 70% of students proficient in reading and math by 2025

**Academic Achievement by Student Subgroup**
- 70% of students in each subgroup proficient in reading and math by 2025

**4-Year Cohort High School Graduation Rate**
- 90% of students graduating by 2025

**English Language Proficiency**
- Accounts for students’ initial proficiency level in setting student goals with maximum of 5 years to attain proficiency

---

**Green**

**Yellow**

---

**Definitions**

- Consistently Underperforming
  - Used to Identify Schools for Targeted Support
  - High School Graduation Rate Used to Identify Schools for Comprehensive Support

---

**Notes**

- Full text is available at https://www2.ed.gov/admins/lead/account/stateplan17/msconsolidatedstateplanfinal.pdf.
- View ESSA equity dashboards for other states at www.all4ed.org/essa.
Note: Some indicators do not apply to some states and do not appear in the analysis included on the front of this document. The Alliance for Excellent Education set the parameters associated with the green, yellow, and red designations.

# Long-Term Goals

## Academic Achievement
- **Green:** 75% or more of all students proficient on statewide assessments by 2030 or equivalently rigorous goal
- **Yellow:** 60–74.9% of all students proficient by 2030 or 75% or more proficient by 2031–39 or equivalently rigorous goal
- **Red:** Less rigorous goals and/or longer timeline than 2040

## Academic Achievement by Student Subgroup
- **Green:** Same long-term goals for each subgroup or similarly ambitious commitment to closing achievement gaps
- **Yellow:** Less ambitious goals but requires higher rates of growth from lower-performing subgroups
- **Red:** Same or similar rates of academic growth for all subgroups

## 4-Year Cohort High School Graduation Rate
- **Green:** 90% or more of students graduating by 2030
- **Yellow:** 85–89.9% of students graduating by 2030 or 90% or more graduating by 2031–39
- **Red:** Less rigorous goals and/or longer timeline than 2040

## Extended-Year Cohort High School Graduation Rate
- **Green:** At least 3 percentage points higher than 4-year cohort rate goal or 1 percentage point higher if 4-year cohort rate goal is at least 90%
- **Yellow:** 1–2 percentage points higher than 4-year cohort rate goal
- **Red:** Goals are the same or state does not set goals for each cohort rate

## English Language Proficiency
- **Green:** Accounts for initial age/grade or proficiency level in setting student targets with maximum timeline of no more than 6 years to achieve proficiency
- **Yellow:** Accounts for initial age/grade or proficiency level with maximum timeline of 7 years to achieve proficiency
- **Red:** Does not account for initial age/grade or proficiency level and/or sets maximum timeline of 8 or more years to achieve proficiency

## Accountability

### Disaggregation of Student Subgroups
- **Green:** State does not use super-subgroup or uses it only in addition to disaggregated subgroups for identifying schools for targeted support and improvement (TSI)
- **Red:** State uses super-subgroups instead of required subgroups for identifying schools for TSI

### N-Size
- **Green:** N-size for accountability of 10 or fewer students
- **Yellow:** N-size for accountability of 11–25 students
- **Red:** N-size for accountability of 26 or more students

### School Quality and Student Success (SQSS) Indicator
- **Green:** Research-based statewide SQSS measures that can be disaggregated by student subgroup
- **Yellow:** Inconclusive research to support SQSS measures or significant SQSS measures are in development but will be statewide and capable of disaggregation by student subgroup
- **Red:** SQSS measures lack research and/or are not statewide or capable of disaggregation by student subgroup

### High School Graduation Rate Indicator
- **Green:** Exclusively uses, or gives more weight to, 4-year cohort graduation rate
- **Yellow:** Uses 4- and extended-year cohort graduation rates and weights 4-year rate equally or less than other rates
- **Red:** Does not use 4-year cohort graduation rate or uses another unlawful graduation rate calculation

### Weighting of Academic Indicators
- **Green:** 75% or more weight on academic indicators including measures based on state tests, college and career readiness, and chronic absenteeism
- **Yellow:** 50–74% weight on academic indicators
- **Red:** Less than 50% weight on academic indicators

### Testing Participation Rates
- **Green:** No credit for untested students or similarly rigorous consequences
- **Yellow:** Less rigorous consequences that have limited implications for accountability
- **Red:** Does not specify consequences for untested students

### Inclusion of Student Subgroup Performance in School Ratings
- **Green:** Includes all ESSA subgroups in all school ratings or uses a decision rule to ensure ratings reflect ESSA student subgroups
- **Yellow:** Includes subgroups in all school ratings but does not include all ESSA subgroups or may obscure subgroup performance on school dashboards
- **Red:** Does not include all ESSA subgroups in all school ratings

## Support and Intervention

### Definition of “Consistently Underperforming” Used to Identify Schools for Targeted Support
- **Green:** Definition is meaningfully different from “additional targeted support” (ATS) and triggers identification based on low performance on a subset of indicators
- **Yellow:** Definition is meaningfully different from ATS and triggers identification based on low performance across all indicators
- **Red:** Definition is not meaningfully different from, or is narrower than, ATS or does not comply with ESSA

### High School Graduation Rate Used to Identify Schools for Comprehensive Support
- **Green:** Uses 4-year cohort graduation rate exclusively
- **Yellow:** Uses 5-year cohort graduation rate
- **Red:** Uses 6-year (or longer) cohort graduation rate
